Nanjing Youth Olympic Games Organising Committee

We have made every effort to ensure that the information contained in this guide is accurate and up-to-date at the time of publication. Noting that this guide involves so many aspects and changes may occur as YOG is drawing near, technical officials are advised to refer to Nanjing 2014 official website, and check with Event Information Center located at YOV and sport information desks located at venues for updates and detailed information not included in this guide.

About the Technical Officials Guides

The Technical Officials Guide you are reading offer an introduction to each sport at the 2nd Summer Youth Olympic Games, Nanjing 2014, as well as providing information on technical officials service.

Each Guide is divided into several topics:

Nanjing 2014 Requirements Information on subjects such as arrivals and departures, accommodating, food and beverage, transport, per diems and ticketing, etc.

Sport-specific information on subjects such as key contacts, name list of technical officials, competition format, competition rules and schedule, venue tour, etc.

All information contained in this Guide was correct at the time of compilation. However, please note that certain details may change between our compilation and YOG. Technical Officials are advised to check the official website of the 2nd Summer Youth Olympic Games, Nanjing 2014 for updates.

Wish you a pleasant stay in Nanjing!

2.1 Official Port of Entry and Exit

Nanjing Lukou International Airport is the official port of entry and exit, and Nanjing Railway Station and Nanjing South Railway Station are the

official reception points for accredited Technical Officials. All Technical Officials should present their YOACs or accreditation confirmation letters to confirm their identities so that NYOGOC staff can assist Technical Officials upon arrival. We strongly recommend that all participating Technical Officials arrive at/depart from Nanjing Lukou International Airport.

2.2 Operation Dates

NYOGOC will set up Arrivals & Departures Reception Desks at Nanjing Lukou International Airport, Nanjing Railway Station and Nanjing South Railway Station from 10 August to 30 August 2014. Arrivals and Departures help desks and transfer desks will be set at both Shanghai Pudong International Airport and Beijing Capital International Airport.

2.3 Inspection and Quarantine

All persons arriving in Nanjing from regions infected with yellow fever must present a valid yellow fever vaccination certificate to the inspection and quarantine authorities. If no major infectious disease is occurring outside China, arriving passengers will not need to fill out the Health Declaration Card for Entry and Exit. Participants with symptoms such as fever, vomiting, coughing, dyspnoea and diarrhoea should make an oral declaration to the quarantine officers at the travellers' inspection and quarantine passage. If a major infectious disease is taking place inside or outside China, the China AQSIQ (Administration of Quality Supervision, Inspection and Quarantine) will issue announcements on mandatory measures of inspection and quarantine for persons entering and exiting China and all persons entering China must truthfully fill in the Health Declaration Card for Entry and Exit. Persons who suffer from severe mental illness, infectious tuberculosis or any other infectious diseases that could cause significant harm to public health are prohibited from entering China.

2.4 Border Inspection

Technical Officials can enter or exit China (including Hong Kong and Macao Special Administrative Regions) with their YOACs and valid passports or international travel documents. All foreigners must fill in the Foreigners' Entry Card for inspection at the border.

To facilitate the border inspection process, it is recommended that the Technical Officials fill in the entry/exit card before their arrival/ departure. The entry cards are available on the flights and at the entry ports.

A dedicated passage for Nanjing 2014 will be set up at Nanjing Lukou International Airport to facilitate the entry process. Dedicated passages for the International Officials will also be opened at Beijing Capital International Airport and Shanghai Pudong International Airport when necessary.

2.5 Luggage Claim and Abnormalities

The luggage claiming area is located in the airport arrival hall. Travelers will follow standard airport procedures to claim their luggage and sport equipment, including the collection of over-size luggage from the special luggage conveyor belt. It is the responsibility of the Technical Officials to collect their own luggage and check any possible damage before leaving the airport for their accommodation sites. Luggage carts are available at the airport.

Airlines will handle luggage issues and arrange for the repair or delivery of luggage. In case of any loss, delay or damage to the luggage of Technical Officials, the owners are required to report to the luggage service counter (located in the arrival hall) of the relevant flight immediately after arrival. NYOGOC personnel will provide necessary assistance on site.

2.6 Customs Inspection

In order to complete customs formalities smoothly when entering or exiting China, Technical Officials should take the red or green passage depending on what they carry. The red passage (i.e. the "declaration passage") indicates that the person has articles to declare to Customs. Such Technical Officials must fill in the Luggage and Articles Declaration Form for Entering Passengers at the Customs of the People's Republic of China (available on site), and submit the form to Customs. Technical Officials should write, "Nanjing 2014 Participant". The green passage (i.e., "passage without declaration") indicates that there is nothing to declare to the Customs, but all arriving participants must agree to accept customs inspection during the customs clearance process.

2.7 Transport for Arrivals & Departures (between the Official Ports of Entry/Exit and Accommodation Sites)

During the YOG period, all accredited Technical Officials will be provided with transport services for their arrivals. Arrivals and Departures team will set up arrivals and departures desks in Nanjing Lukou International Airport, Nanjing Railway Station and Nanjing South Railway Station. Shuttle buses will be arranged for the accredited Technical Officials in accordance with the A&D information provided by the OTA and Sports Department; all Technical Officials' luggage shall be put within the luggage carrier of each bus, NYOGOC staff will provide instant assistances if problems occur.

2.7.1 Departure from Nanjing

Nanjing Lukou International Airport, Nanjing Railway Station and Nanjing South Railway Station are the key exit ports for accredited Technical Officials.

In accordance with the departure information provided by Technical Officials, NYOGOC will arrange transport from hotels to the airport and railway stations.

2.7.2 Other Key Transit Ports

Beijing Capital International Airport

NYOGOC will set up an Arrivals & Departures Help Desk at Terminal 3 of Beijing Capital International Airport to help the Technical Officials complete the process of entry, transit, and departure.

Shanghai Pudong International Airport

NYOGOC will set up an Arrivals & Departures Help Desk at the Shanghai Pudong International Airport to help the Technical Officials complete the process of entry, transit, and departure.

A Transfer Guide (Shanghai to Nanjing and Beijing to Nanjing) will be put on the official website of NYOGOC on June 2014, all participating Technical Officials can arrange their arrivals and departures accordingly.

2.7.3 Other Ports

Technical Officials that enter or leave China from ports other than those in Nanjing must handle their transport to and from Nanjing on their own. NYOGOC will provide necessary transit information and assistance related to entry and transit if contacted in advance.

3. Accreditation

The purpose of accreditation is to identify and accredit persons who apply for participating in the YOG and to issue them the YOACs and/or other additional access passes with appropriate rights and entitlements ensuring them access to the YOG venues to perform their functions at the Games.

3.1 Accreditation Categories

3.1.1 IF category

Accredited population under IF category falls into two (2) categories as follows:

- IF
- IF G

Population and Quota for "IF" Category

The accreditation for IF category is described in the following table:

Population	Quota
IF President	1
IF Secretary General	1
Accompanying Guests	2
IF Athlete Role Model	1
IF Representative Event Delegate	As agreed with the IOC

Note: The quota for IF Representatives has been confirmed by the IOC and NYOGOC will apply the approved quotas.

Population and Quota for “IF G” Category

All the guests invited by the IFs participating in Nanjing 2014 should be accredited under the category of “IF G” . The policy of guest quotas is: **each IF may have 6 guests to be accredited.**

Application Form Applicable to Each Category

Category	Function/Title	Application Form for Accreditation
IF	IF President IF Secretary General Accompanying Guests	ACR07

3.2 Supplementary Passes

3.2.1 Upgrade Card

Upgrade Cards for IFs

Upgrade Card grants accredited participants access rights to a venue, a zone or a reserved seating (subject to seating availability). Upgrade Card is non-nominative, non-photo card without the holder's information. The front of Upgrade Card only shows the codes of the venue, the zone and the reserved seating which are access to.

Upgrade Card is only allocated to each RO (Responsible Organization) and will not be issued to individuals. The Event Delegate should manage the Upgrade cards carefully. An Upgrade Card can be used among IF members or IFs with unlimited admission. An end user of an Upgrade Card is required to return back the pass timely to his/her IF after use so that the pass can be circulated to the next user. The Upgrade Card is valid only when wearing with a valid YOAC.

Upgrade Cards will be mass produced by the MAC according to the quotas. IFs should keep and manage well the Upgrade Cards allocated to them at their own discretion. Under no circumstances will any Upgrade Card be replaced or reissued if it is stolen, lost or damaged once after the pass delivered to the IFs.

The Upgrade Cards for IFs fall into 2 categories according to their different access rights, as described as follows:

Different access right of Upgrade Card	The number of Upgrade Card per IF
1、Only access to the own sport venues	10
2、Access to all competitive and training venues, MPC	5

The access rights of Upgrade Cards for IFs:

Upgrade Card	Venue	Zone	Stand
U	own sport venues	6, BLUE	Guest Stand
U	∞, MPC	4, 6, BLUE	Guest Stand

3.2.2 Day Pass

A Day Pass can be used in all competition (training) venues, YOY and MPC. The Accreditation centers (except for YOY), Venue Accreditation Offices and YOY Guest Centre (for YOY) will be responsible for managing and issuing the Day Pass. For exclusive training venues, the Venue Operation Management Office is responsible for the affairs related to the Day Pass.

A Day Pass extends access rights of an accredited participant and permits its holder a temporary access to a single venue or a venue cluster and a zone or a reserved seating in a venue (subject to seating availability) on the date as indicated on the Pass.

Day Pass is only issued to the accredited clients in following situations: A person who needs to perform a temporary role in a venue or a zone whereas lacking of access entitlement on his/her YOAC. In this case, the Day Pass must be worn in conjunction with the holder's YOAC. The receiving FA of the venue should file the application for the Day Pass. Only after the application has been checked and approved by the venue accreditation manager, will the day pass be issued on site.

A person who has been accredited but not yet obtained a new YOAC because of the old one lost, damaged, or some other reasons. The applicant may file the application for the Day Pass directly. Only after the application has been checked by the staff of accreditation facilities and approved by the venue accreditation manager, will the day pass be issued on site. In this case, the Day Pass can be worn alone only if the holder presenting his/her valid ID.

Each venue is only allowed to distribute the Day Pass for its own venue; it has no right to issue the Day Pass for the other venue. Each venue

regulated the Day Pass according to the quota. The Day Pass quota for venues everyday should be discussed by MAC and the venue groups, and finally approved by NYOGOC.

A Day Pass is nominative, non-photo, non-transferable and is valid only on the date as indicated on the Pass.

When claiming the Day Pass, the applicant is required to present his/her YOAC, or otherwise present other valid ID document.

3.3 Games–Time Services

3.3.1 Games–Time Services

3.4 Exceptional Cases

IFs

YOAC not received or lost before departure to China

For those who have been accredited but not received YOAC before their departure to China, IFs may contact with NYOGOC IF Services to acquire invitation letter which can be used for visa application via Chinese embassy.

When entering China without holding a PVC

For the foreign accredited people (with an exception of NYOGOC staff) who have passed the background check and visa check, when entering China without holding a PVC, they can apply for the Port Visa using the invitation letter issued by the NYOGOC.

Passport Changed after Being Accredited

If a participant changed a passport after he/she has been accredited and the new passport number is different from that printed on the PVC, he/she will be requested to show both the new and the old passports when entering China. If the old passport cannot be shown, the participant will need to provide a photocopy of the personal information page of the old passport.

Note: YOAC can only be served as entry visa into China. Participants will be required to go through normal immigration procedures including filling out the Arrivals/Departure Cards, Custom Declaration and Inspection & Quarantine.

3.5 Validation of YOACs

A YOAC becomes “valid” to access to the YOG venues only after it is activated through the process of validation at an Accreditation Center or a Venue Accreditation Office (VAO).

During the validation, the holder of a YOAC must present his/her passport or other official travel document with the number same as that printed on his/her YOAC. A YOAC cannot be validated if the data recorded in the Accreditation System is not consistent with that shown on his/her YOAC or passport. If a YOAC cannot be validated, the holder should proceed to Problem Resolution at an Accreditation Center.

3.6 Problem Resolution

The Problem Resolution service is available only at an Accreditation Center. Venue Accreditation Offices (VAOs) will not provide such service.

Under the following circumstances, a participant is required to go through the process of Problem Resolution:

- YOAC cannot be validated,
- When a new participant is added by his/her IF,
- When a participant needs to have his/her YOAC produced because of not having received a YOAC,
- When a participant needs to be issued with a new card because of YOAC stolen, lost or damaged,
- When an accreditation is cancelled or needs to be withdrawn,

- Other occasions that require solving the problems related to accreditation.

Note: When a participant's personal information is wrong, it may need to modify the data in the Accreditation System. If "key information" such as names, nationality and passport number is changed, the Background Check (BGC) and Visa Check must be re-processed. Only when the above-stated checks completed, can a new accreditation be re-issued. If there is no change of any "key information" , a new accreditation card can be re-printed immediately.

3.7 Withdrawal or Cancellation of the Accreditation

The IOC has the ultimate right to withdraw or cancel an Accreditation Card. In the following cases, a YOAC should be cancelled:

- If the IF or a participant from the IF violates the provisions of the Olympic Charter;
- If a participant breaches the code of conduct or does not comply with IOC or NYOGOC policies/provisions/regulations.
- If the IF participant is deleted or replaced by RO;

When an accreditation is cancelled, a YOAC should be withdrawn, including two means:

- Physical cancellation: When a YOAC is cancelled, it needs to be punched on the barcode at an Accreditation Center.
- System cancellation: In addition, the status of the card will be changed to "Cancelled" in the Accreditation System. Once a YOAC has been cancelled, the holder is not entitled to access to a YOG venue anymore.

However, a cancelled accreditation card may be returned to its holder after physical cancellation if the card needs to be used as exit visa.

3.8 YOAC Stolen, Lost or Damaged after Validation

Holders must keep their YOACs safely to prevent from any possible theft, loss or damage.

In case of theft, loss or damage of the YOAC, the holder must report

immediately to his/her IF. The IF must report to the MAC in written form in time.

MAC will cancel the lost YOAC in the Accreditation System.

When a holder wants to be reissued with a new YOAC after the old one is stolen, lost or damaged, his IF must fill out of an Accreditation problem–resolving sheet and sent it after signed and sealed by an authorized person of the IF to MAC or 3 Accreditation centers by written form, fax or e–mail. After the new YOAC is reproduced, the client service will notify the IF to claim the card in MAC or Accreditation centers.

NTOs

1、Modification of the accredited information

Once the Accreditation Status Report is confirmed, the NTO's accredited information still be needed to modified, the Sports Department must fill out of an Accreditation problem–resolving sheet with the signature and handling suggestions by an authorized person of the Sports Department and submit it to MAC.

If “key information” (family name, given name, gender, date of birth, type of ID document, ID card number, nationality, permanent address, current address) is changed, the Background Check (BGC) must be re–processed.

2、YOAC Stolen, Lost or Damaged after Validation

Holders must keep their YOACs safely to prevent from any possible theft, loss or damage.

In case of theft, loss or damage of a YOAC, the holder must report immediately to the Sports Department. The Sports Department must report to the MAC in written form in time.

MAC will cancel the lost YOAC in the Accreditation System.

When a new YOAC needed after the old one is stolen, lost or damaged, the Sports Department must fill out of an Accreditation

problem-resolving sheet with the signature and stamp by an authorized person of the Sports Department and submit it to MAC.

4. Security

4.1 Security Measures

Security screening equipment will be installed at all competition venues, the IOC Hotel, the Main Media Centre (MMC) and the Youth Olympic Village (YOV). All persons and vehicles must undergo security checks before entering the venues.

Equipment to screen Youth Olympic Accreditation Cards (YOACs) will be installed at the entrances of the competition venues, the MMC and the YOY. The YOACs of the persons entering the venues will be checked. Persons without appropriate access entitlements will be denied entry.

Illegal activities inside competition or non-competition venues, as well as activities that pose a threat to public security, will be dealt with according to Chinese laws.

All competition venues, the MMC and the YOY will have their perimeters physically sealed off with hard partitions, and separate passages will be available for pedestrians and vehicles. Moreover, alarms, monitors and other security facilities will be installed along the perimeters, which will be guarded and patrolled by security staff.

4.1.1 Security Checks for Persons

Security screening equipment, including x-ray machines, security gates and handheld metal detectors, will be used at the entrances of the competition venues, the IOC Hotel, the MMC and the YOY for security checks on persons and their belongings. Any person that has prohibited or restricted articles will be denied entry.

4.1.2 Vehicle Security Checks

Vehicles from non-enclosed zones entering competition venues, the IOC Hotel, the MMC, and the YOY must undergo security checks. All passengers in the vehicles must get out with their belongings and undergo security checks. All vehicles must bear the appropriate Nanjing 2014 Vehicle Access/Parking Permit (VAPP) for entry into the venues.

Vehicle check passages will be set up in the vehicle access area to check the vehicles entering security perimeters. Automatic vehicle inspection systems will be used to check the vehicle's chassis. Volunteers will carefully check the body, the interior, and the engine of the vehicles; vehicle blocking systems will be set up at the entrances of the perimeters to prevent forcible entry of vehicles. Passengers in the vehicle must get out and undergo security screening.

4.2 Prohibited Articles and Restricted Articles

Please refer to 20.2 Prohibited Articles and Restricted Articles in Chefs de Mission Dossier on IOC Extranet.

According to the requirements in the IOC Event Manual on Medical Services, NYOGOC will provide all accredited clients with complimentary medical services and personal accident insurance (including repatriation), which include medical services for acute diseases and injuries as well as emergency transfer . Specific insurance policies can be found in the relevant policies of NYOGOC. The complimentary medical services, however, do not include routine health checks, selective medical services, medical treatment for chronic and pre-existing diseases. The treatment of such cases shall be paid by the patient. Nevertheless, NYOGOC will provide services to stabilize the conditions while people with chronic and pre-existing diseases show signs of significant deterioration during the Games.

Medical Room will be set up at the preferred hotel, doctors stationed for 24 hours, to provide services on site. Ambulance transfer service will also be available.

Medical stations (points) will be set up at each venue and square to provide medical service on site and transfer service.

11. Ticketing

For competitions, technical officials are required to enter corresponding stand areas with YOACs. For other sports, technical officials are required to buy tickets at their own expenses and enter venues by ticket.

12. Opening and Closing Ceremonies Tickets

For Ceremonies, technical officials are required to attend with tickets and their YOACs. Technical Officials Service Supervisors will distribute tickets to technical officials.

13. Participation Certificates

Participation Certificates will be made by Victory Ceremonies Team. Technical Officials could get their participation certificates from IF Services Supervisor of each competition management.
