Canoe-Kayak

23 - 27 August

COMPETITION FORMAT AND RULES CANOE-KAYAK

As of 23 JUN 2014

Youth Olympic Competition Format

The Canoe-Kayak competition at the Nanjing Youth Olympic Games consists of eight events as follows:

Men		Women	
Long Name	Short Name	Long Name	Short Name
K1 Head to head Sprint - Men	Kayak Sprint - Men	K1 Head to head Sprint - Women	Kayak Sprint - Women
C1 Head to head Sprint - Men	Canoe Sprint - Men	C1 Head to head Sprint - Women	Canoe Sprint - Women
K1 Obstacle Slalom - Men	Kayak Slalom - Men	K1 Obstacle Slalom - Women	Kayak Slalom - Women
C1 Obstacle Slalom - Men	Canoe Slalom - Men	C1 Obstacle Slalom - Women	Canoe Slalom - Women

Differences between the ICF Junior World Championships and the Youth Olympic Games

The competition format of Canoe-Kayak for the Youth Olympic Games is completely different from the ICF Junior World Championships. In the Canoe Sprint events the athletes paddle on a circuit course, and compete head to head against each other. For the Canoe Slalom events the athletes compete on a calm water surface as opposed to a natural river or artificial Slalom course. However, they still need to demonstrate the skills of a Slalom paddler by manoeuvring around gates and also beating the other athlete's time on the course.

Changes since the Singapore 2010 Youth Olympic Games

The format of the progressing and pairing system has changed.

Competition Format

Head to Head Canoe Sprint is an individual event on a circuit course (like the shape of a laying 8) of approximately 420m. The athletes compete in pairing format described in the Progressing system. The course for each athlete consists of 2 x 80m, 1 x 160 straight phases and two turns; one clockwise the other is anti-clockwise. Two athletes start in the same time at the same starting line but to different directions. The start and finish are in the same line. The layout of the course provides two equal travelling parts and distance for each athlete and marked with well visible buoys and separation buoy-line between the 2 sides. The athlete finished the race when completed properly the course and his/her boat's bow reached the finishing line. The progressing bases on time or winning a race depending on the phase of the competition. Details are under the Progressing System. Each Event contains different phases of racing from the Qualification Heat to the Gold Medal Final. The progressing system depends on the entered number of athletes to each event.

The Head to Head Canoe Obstacle Canoe Slalom is an individual event on two parallel and similar courses. The athletes compete in pairing format described in the Progressing system. The courses are of approximately 120m in length. The length of the courses in one direction is about 60m with four pairs of buoys on each course. Two athletes start in the same time from launching slides on their course. The start and finish are in the same line. The layout of the course provides two equal distance and form for each athlete and marked with well visible red and green numbered buoys and separation buoy-line between the 2 courses. The athlete finished the race when completed properly the course and his/her boat's bow reached the finishing line. The progressing bases on time or winning a race depending on the phase of the competition. Details are under the Progressing System. Each Event contains different phases of racing from the Qualification Heat to the Gold Medal Final. The progressing system depends on the entered number of athletes to each event.

Sport Rules and Procedures

All athletes who qualified to the YOG 2014 are obligated to take part in both Canoe Head to head Sprint and Canoe Obstacle Canoe Slalom events in the same category. In addition double up is possible, like women who qualified in K1 allowed to enter to C1 event(s) as well and vice-versa.

The Canoe-Kayak competition is composed of two phases, the Qualification heats and Final phases. In the Qualification phase there is a Qualification Heat and a Repechage (if there are more than 16 athletes). The Final

phase is made up of four or five rounds depending on the number of entries in a particular event. If there are 16 or more entries in one event, then five Final phases are necessary: Last 16, Quarterfinal, Semifinal, Gold Medal Final and Bronze Medal Final.

For the Qualification heats (phase round 1) athletes are drawn randomly into pairs and are ranked by overall time. For the Repechage and to the "Last 16" phases, athletes will be paired by times achieved in the previous phase. The fastest half ranked with the second half ranked. From the quarterfinal the winner progresses to the next phase (knock-out system). After each phase a ranking list will be establishing.

For each subsequent round in the Final phase, athletes compete against each other in a head to head format and are paired based on the times achieved in the previous round (the fastest half vs. slowest half). The fastest athlete from each pair advances to the next round.

Progression system

Depending on the number of entries in each event, the progression system will be as follows:

System "A": up to 10 entries (5 phases)

Qualification Heat: all athletes entered to this event take part in this phase. Random pairing will be carried out. The eight fastest athletes advance to the Quarterfinal. If there are 9 or 10 entries the last 1 or 2 by time will be out of the race.

Repechage and Last 16 phases will not be organized.

Quarterfinals: athletes will be ranked regarding their time achieved in the Qualification Heat. Pairing will follow the ranking list as the fastest half will be paired with slowest half. (1st -5th; 2nd -6th; 3rd -7th, 4th -8th). The winners of each pair will progress to the Semifinal. (Knock-out system from this phase).

Semifinals: the winners of each pair from the Quarterfinal will compete in this phase. The fastest will be paired with the 3rd fastest and the 2nd with the 4th fastest. The two winners will compete in the Gold Medal Final whilst the two losers will compete in the Bronze Medal Final.

Bronze Medal Final: the two losers from the Semifinal will compete for Bronze Medal. The winner will receive Bronze Medal and the loser will be ranked 4th.

Gold Medal Final: the two winners in the Semifinal will compete for Gold Medal. The winner will receive the Gold Medal and the loser will receive the Silver Medal.

System "B": 11-15 entries (6 phases)

Qualification Heat: all athletes entered to the event take part in this phase. Random pairing will be carried out. The best four by time advance to the Quarterfinal. The rest will take part in the Repechage.

Repechage: athletes who did not progress to the Quarterfinal directly from the Qualification Heat will compete in this phase. The best four by time will progress to the Quarterfinal. The rest are out.

Last 16 phases will not be organized.

Quarterfinal: the fastest eight athletes by time achieved in the Qualification Heat and Repechage will compete in this phase.

Athletes will be ranked regarding their time in the previous phase. Pairing will follow the ranking list as the fastest half will be paired with slowest half. (1st - 5th; 2nd - 6th; 3rd - 7th; 4th - 8th). The winners of each pair will progress to the Semifinal. The rest are out. (Knock-out system from this phase)

Semifinal: the winners of each pair (four athletes) from the Quarterfinal will compete in this phase. The fastest will be paired with the 3rd fastest and the 2nd with the 4th. The two winners will compete in the Gold Medal Final whilst the two losers in the Bronze Medal Final.

Bronze Medal Final: the two losers from the Semifinal will compete for the Bronze Medal. The winner will receive Bronze Medal and the loser will be ranked 4th.

Gold Medal Final: the two winners in the Semifinal will compete for the Gold Medal. The winner will receive Gold Medal and the loser will receive Silver Medal.

System "C": 16 entries (6 phases)

Qualification Heat: all athletes entered to the event take part in this phase for ranking. Random pairing will be carried out. All participants will advance to the Last 16 phase.

Last 16: all athletes who took part in the Qualification Heat will compete in this phase. Pairing will be made by time achieved in the Qualification Heat. The fastest half will be paired with slowest half. (1st - 9th; 2nd - 10th; 3rd - 11th; 4th - 12th; 5th - 13th; 6th - 14th; 7th - 15th; 8th - 16th). The eight fastest by time will progress to the Quarterfinal. The rest are out.

Quarterfinal: the fastest eight athletes by time achieved in the Last 16 will compete in this phase. Pairing will follow the ranking list as the fastest half will be paired with slowest half. (1st - 5th; 2nd - 6th; 3rd - 7th 4th - 8th). The winners of each pair will progress to the Semifinal. (Knock-out system) The rest are out.

Semifinal: the winners of each pair (four athletes) from the Quarterfinal will compete in this phase. The fastest will be paired with the 3rd fastest and the 2nd with the 4th fastest. The two winners will compete in the Gold Medal Final whilst the two losers in the Bronze Medal Final.

Bronze Medal Final: the two losers from the Semifinal will compete for the Bronze Medal. The winner will receive Bronze Medal and the loser will be ranked 4th.

Gold Medal Final: the two winners in the Semifinal will compete for the Gold Medal. The winner will receive Gold Medal and the loser will receive Silver Medal.

System "D": 17-24 entries or more (7 phases)

Qualification Heat: all athletes entered to the event take part in this phase. Random pairing will be carried out. The fastest eight by time will progress direct to the Last 16 phase and the rest to the Repechage.

Repechage: athletes who did not progress to the Last 16 phase directly from the Qualification Heat will compete in this phase. The fastest eight by time will progress to the Last 16 phase. The rest are out.

Last 16: 16 athletes (the eight fastest by time from the Qualification Heat and eight fastest by time from the Repechage) will take part in this phase. Pairing will make from the ranking list of the progressed 16 athletes by time achieved in the Qualification Heat and Repechage. The fastest half will be paired with slowest half. (1st - 9th; 2nd - 10th; 3rd - 11th; 4th - 12th; 5th - 13th; 6th - 14th; 7th - 15th; 8th - 16th). The eight fastest by time will progress to the Quarterfinal. The rest are out.

Quarterfinal: the fastest eight by time achieved in the Last 16 will compete in this phase. Pairing will make by time from the ranking list as the fastest half will be paired with slowest half. (1st - 5th; 2nd - 6th; 3rd - 7th 4th - 8th). The winners of each pair will progress to the Semifinal. (Knock-out system). The rest are out.

Semifinal: the winners of each pair (four athletes) from the Quarterfinal will compete in this phase. The fastest will be paired with the 3rd fastest and the 2nd with the 4th fastest. The two winners will compete in the Gold Medal Final whilst the two osers in the Bronze Medal Final.

Bronze Medal Final: the two losers from the Semifinal will compete for the Bronze Medal. The winner will receive Bronze Medal and the loser will be ranked 4th.

Gold Medal Final: the two winners in the Semifinal will compete for the Gold Medal. The winner will receive Gold Medal and the loser will receive Silver Medal.

The Start

Athletes will start the race by being released simultaneously from start platforms.

For the Head to Head Canoe Sprint, an automatic start system will be used.

For The Head to Head Canoe Obstacle Canoe Slalom, athletes will start the race by being released simultaneously from start platforms.

Negotiation of the buoys

The buoys:

Two courses will be built in parallel with an identical layout. Four pairs of buoys will be placed on the 50m long course.

A lap is divided into three different zones:

First zone: start to buoy 4

- The athletes paddle from the start, negotiating the buoys 1 to 4 in the required direction

Second zone: the course with buoys

Second zone: rolling area

- They enter the eskimo-roll area. Athletes must complete a full roll in either direction

Third zone: exit of rolling buoys area to finish line

- The paddlers exit from the rolling area and return to the finish line by clearing buoys 5 to 8

Definition of the buoy line

The buoy line is the line between two buoys, perpendicular to the longitudinal axis of the course

Correct negotiation of the buoys

Negotiation of a buoy begins when the start is given or when the boat and the body of the competitor cross the buoy line.

Negotiation of a buoy ends when the negotiation of any subsequent buoy begins or when the finish line is crossed.

The following conditions must be satisfied for a buoy to be considered to have been correctly negotiated:

- The complete body of the competitor and boat must pass the buoy on the correct side of the buoy and in accordance with the course plan.
- During any buoy negotiation no part of the body or boat is allowed to break the buoy line on the wrong side.

All buoys must be negotiated in accordance with the direction established by the colour of the buoy:

- Red buoys: to be passed on the right hand side
- Green buoys: to be passed on the left hand side
- Blue buoy: perform a complete turn around the buoy from the left hand side
- Yellow buoy: perform a complete turn around the buoy from the right hand side

Negotiation of the course

- All buoys must be negotiated in their numerical order (1 to 8).
- All buoys may be negotiated in any presentation from the correct side of the buoy.
- If a paddle or boat or a part of the boat is broken, the race will not be repeated. Spare paddles cannot be given by another competitor or supporter.

The Finish

Athletes finish the race when the bow of their boats reach the finish line marked with red buoys. Arrival outside of the buoys leads to the disqualifications.

In CSP the finishing and starting line are in the same line, marked by two red buoys at the two end.

In the CSL the finish line is an imaginary line located 5m from the bottom of the ramps. It is formed by two red buoys with flags on top.

Boat Control

Canoe and kayak are required to pass the boat control under the ICF rules used for white-water Slalom format (length, width, weight).

- The boats will be subjected to boat control by ICF Officials before the competition. In the case that extra weight will be required to reach the minimum weight limit of the boats, it will be added at Boat Control and fixed into the boats, ensuring that all boats meet the same minimum weight applicable to the boat type.
- Athletes must not tamper with the weights if added to the boats.
- The weights of the boats will be randomly controlled after competition.

Athlete substitution

Not allowed.

Tie Break Rules

- General:
 - If a dead heat occurs between two athletes, the athlete with the better time in the previous round of competition is declared the winner.
- Dead heat in the last qualifying place in Qualification Repechage:
 - If the athletes have the same result in the Qualification Heat:
 - In an event where all athletes advance: there is no tie break
 - In an event in which some athletes are eliminated from the field: the tie should be broken by a re-race (Tie break race)

• Final phases:

- In the final phases, ties may occur if the officials cannot determine who crossed the finish line first based on the means available.
- All races except medal races: ties will be broken based on the times achieved during previous phase or phases
- Medal races:
 - Additional medals will be awarded if a dead heat between athletes occurs in a final race.
 - Gold medal race: two gold medals will be awarded. No silver medal is awarded.
 - Bronze medal heat: two bronze medals will be awarded.

Re-race

Irregularities on the course, or unbreakable ties, may result in a re-run. Athletes may be requested to re-race either an interrupted or a completed race following a decision of the Competition Committee. Any re-race decision cannot be appealed.

Penalties / Disqualification Rules

Disqualification is for the current race. The Chief Official can decide the final arbiter on the disqualification matter if athletes break the competition rules.

There is disqualification in the following cases:

- Athlete not at the start on time.
- Athlete paddling in the course of the opponent competitor.
- Intentional pushing of a buoy to allow negotiation (it is not judged an intentional push when the body and the boat of the competitor were already in a position in which it would have correctly negotiated the buoy).
- Buoy omitted. Buoy(s) omitted is deemed to have occurred when negotiation of any subsequent buoy begins or when the finish line is crossed.
- During any buoy negotiation a part of the body or boat crosses the buoy line on the wrong side.
- The full roll is not correctly completed
- Exiting the boat because of capsizing or a failed roll

Protests / Appeals

Upon being informed of the disqualification, Team Leaders may protest against Competition Rule irregularities to the Competition Committee within twenty minutes. In case of subsequent disagreement with the decision of the Competition Committee, the Team Leader may appeal to the Jury within twenty minutes of the Competition Committee decision. The protest or appeal shall be accompanied by a fee of 25 Euros. The decision of the Competition Committee is final.

Protest cannot be made against disqualification for a false start or incorrect course negotiation.
